

Microsoft Teams Rooms

Transform your spaces with Teams Meetings

Easy to use

A consistent user experience for all your spaces, from small huddle to large conference rooms - with a single touch you get your meetings started.

Work like you are in one place

If you are on the go or attend a meeting in person, the rich collaboration experience keeps everyone engaged and with advanced whiteboard technologies ideas can just flow.

Transform your spaces

Enjoy a high-quality experience by integrating Teams with hardware systems purpose built for your workplaces.

Empower remote communications

Give your organization the tools it needs to collaborate from anywhere, starting with crisp, clear audio and video in your offices.
